Funded by  
the European Union

This project has received funding from the  
European Union's Horizon Europe research and  
innovation programme under grant agreements  
No. 101081460 and No. 101056933

Climateurope2

# Communities of practice

“Group of people who share an interest for something that they practice, and who learn how to do it better through regular interaction”

(Wenger 1998)

Funded by  
the European Union

# Climateurope2

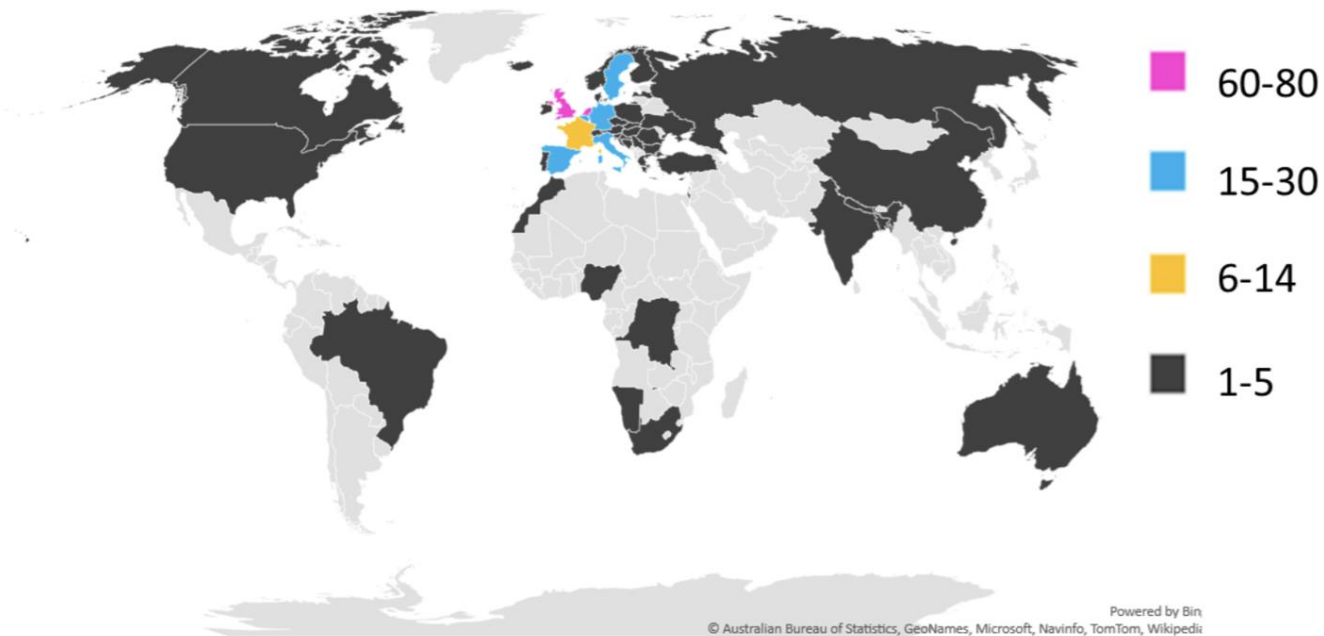

Supporting and standardising climate services in Europe and beyond

Climateurope2 is a Horizon Europe Coordination and Support Action that will run from 2022-2027. The project aims to support and develop the community of climate services in Europe. It also aims to increase the uptake of climate services and their standardisation process. Climate services are information and knowledge that can help people and organizations deal with the impacts of climate variability and climate change.

Led by BSC  
33 parties  
Sep 2022 - Feb 2027

# Climateurope2 - building a community on Climateurope legacy
